TO WHOM IT MAY CONCERN

We engaged Brett Powell to defend a series of building actions which had been brought against us at VCAT.

We found Brett to be pragmatic, sensible, and cost effective; particularly compared to previous lawyers we had engaged to act for us in the matters.

Ultimately the matters settled without payment by us to the other parties.

We will continue to engage Brett in the future for any building litigation matters and have no hesitation whatsoever in recommending him to others involved in building litigation.

Yours sincerely
